You are interested in applying for a Deutschlandstipendium from the Nordhausen University of Applied Sciences?

The objective of this scholarship program is to support and promote highly-talented students who can be expected to demonstrate or who have already demonstrated outstanding performance in their studies and professional activity.

Over the past years, numerous students at the Nordhausen University have been supported and promoted through the Deutschlandstipendium program, and we have received highly positive feedback from them.

We are looking forward to receiving your application!

The scholarships in the Deutschlandstipendium program at Nordhausen University are announced and awarded only once a year.
