

Copying and Printing

Please note!

Before copying / printing for the first time, it is needed to activate your Thoska card. For this purpose, please hold your Thoska card upon the reading device of the printer and type in the login data of your student account. After successful activation, please top up money on your Thoska card. The device only accepts € 5 or € 10 bills.

If the topping up fails, please try the activation process again. If the topping up fails again, please contact the Thoska Office (building 18).
