

General information about library use

Registration and Lending

Before you can borrow books, you have to register as a user once. For this you will need the Thoska card and your passport or identity card. The use of the library is free.

The loan period for borrowed books is 4 weeks. This period can be extended 3 times. You can borrow a maximum of 50 books.

Please note that late-issued books will cause reminder fees. The reminders will be sent to your student email address.

Copying and Printing

Before you can copy or print, you need to activate your Thoska card on the copier. Then you can load money on the card at the charger. The device only accepts € 5 or € 10 bills.

Note:

Your backpacks and jackets must be locked away in a locker. You are welcome to bring your laptop and work materials with you into the library.
