Did you know that...
... men being abused by women are still a taboo in our society?
… emotional abuse often precedes with physical or sexual abuse?
...1,700 cases of child abuse recorded in Germany but there are many more unreported cases (20,000 – 400,000 cases per year)?
... there is no religious justification for domestic violence?
... in 53% of criminal acts against people with disability that were reported to police no action was taken?
… in Germany are 400 women shelters, but only 3 for men?
Thank you for your attention!
